PART 1 – INTRODUCTION

1.1 Invitation to Proponents

This Request for Proposals (“RFP”) is an invitation to prospective Proponents to submit Proposals for the provision of a New Radio/Paging System (“Goods”) to support the City of Clarence-Rockland Fire department (the “Purchaser”) as further described in Part 2 - The Deliverables (the “Deliverables”). This system is intended to replace an outdated two-way radio system with a modern, digital trunking solution to provide reliable two-way voice and GPS/AVL.

1.2 Background

The City of Clarence-Rockland is a growing community, surpassing national average growth over the past decade, and currently has over 24,000 residents. Situated 32 kilometers east of Parliament Hill and 145 kilometers west of Montreal, the region offers an outstanding quality of life and countless business opportunities. The City of Clarence-Rockland employs 128 Full time employees and 128 part time and seasonal employees. The Protective Services Department is comprised of 6 full-time Bylaw personnel, 5 full-time Fire personnel, as well as 70 volunteer fire fighters spread among three fire stations.

The Fire Department has identified that the current radio system in use has numerous operational and technical challenges: inadequate radio coverage within the municipality; inadequate or nonexistent coverage within certain buildings; only one channel available for communication with dispatch (Ottawa Fire); and, older outdated equipment.

The current fire department radio system operates in the 152 MHz and 158 MHz bands. The system is an analog system with a repeater located on the Bouvier St water tower, and two ‘voter sites’ (Rockland water tower and Bourget fire station). The ‘voter sites’ operate on the UHF bandwidth 420 MHz.

1.3 Objectives

The Purchaser is seeking to satisfy the following objectives in issuing the RFP.

- Achieve the best solution for the needs of the Purchaser
- Obtain the highest quality delivery, installation, and maintenance of services to the Purchaser in respect of the Goods
- Ensure compatibility with the existing goods or services of the Purchaser
- Obtain quality Goods and related services at best overall value
- Enhance customer satisfaction and improvements in training and services
- Facilitate the Purchaser’s purchases without limiting the Purchaser’s choice or negating any other requirement
- Obtain an extensive selection of Goods
- Support Proponents that demonstrate their commitment to the environment

1.4 Type of Agreement

The Purchaser intends to award an Agreement to one (1) Proponent.

The Agreement will be signed on or around October 2017, and no obligation on the part of the Purchaser to purchase Goods shall arise until such time as the Agreement is signed.

1.5 No Guarantee of Volume of Work or Exclusivity of Agreement

The information contained in the RFP constitutes an estimate and is supplied solely as a guideline to Proponents. Such information is not guaranteed, represented, or warranted to be accurate, nor is it necessarily comprehensive or exhaustive.

Nothing in this RFP is intended to relieve the Proponents from forming their own opinions and conclusions with respect to the matters addressed in this RFP. Quantities described are estimates only and may not be relied on by the Proponents. Estimates are intended to be used by the Purchaser for the purpose of evaluating the Proposals.

The Agreement executed with the Supplier will not be an exclusive Agreement for the provision of the Deliverables. The Purchaser may contract with others for the same or similar Deliverables to those described in this RFP.

PART 3 - EVALUATION OF PROPOSALS

3.1 Stages of Proposal Evaluation

The Purchaser will conduct the evaluation of Proposals in the following four (4) stages:

Stage Number	Title of Evaluation Stage
Stage I	Mandatory Requirements
Stage II	Rated Requirements
Stage III	Pricing
Stage IV	Cumulative Score

3.1.1 Stage I – Review of Mandatory Requirements

Stage I will consist of a review to determine which Proposals comply with all of the mandatory requirements.

Proposals which do not comply with all mandatory requirements, may subject to the express and implied rights of the Purchaser, be disqualified and not be evaluated further.

3.1.2 Stage II – Rated Requirements

Stage II will consist of a scoring, by the Purchaser, of each qualified Proposal on the basis of rated requirements.

Rated requirements will be evaluated and Proponents must achieve the minimum score, as noted in Section 3.3.1, in order for the Proponent to move into Stage III of the evaluation. Proposals failing to meet the minimum score requirement for a rated requirement will be disqualified and not evaluated further.

Refer to Section 3.1.4 below as it related to reference checks.

3.1.3 Stage III – Pricing

Stage III will consist of an evaluation and scoring of pricing submitted by Proponents as set out in Appendix B.

3.1.4 Stage IV – Cumulative Score

At the conclusion of Stage III, all scores will be added and, subject to satisfactory reference checks and the expressed and implied rights of the Purchaser, the highest scoring Proponent will become the Preferred Proponent.

Reference checks will be performed to confirm or clarify information provided within the Proponent's Proposal. The reference checks themselves will not be scored, however the Purchaser may adjust rated requirements scoring related to the information obtained during the reference check.

3.2 Stage I – Review of Mandatory Requirements (Pass/Fail)

A Proposal must include the following mandatory forms:

Appendix	Title of Appendix
Appendix A	Form of Offer
Appendix B	Rate Bid Form

3.2.1 Form of Offer - Appendix A (Mandatory Form)

Each Proposal must include a Form of Offer (Appendix A) completed and signed by the Proponent.

(a) Conflict of Interest

In addition to the other information and representations made by each Proponent in the Form of Offer, each Proponent must declare whether it has an actual or potential Conflict of Interest. If, at the sole and absolute discretion of the Purchaser, the Proponent is found to be in a Conflict of Interest, the Purchaser may, in addition to any other remedies available at law or in equity, disqualify the Proposal submitted by the Proponent.

The Proponent, by submitting the Proposal, warrants that to its best knowledge and belief no actual or potential Conflict of Interest exists with respect to the submission of the Proposal or performance of the contemplated Agreement other than those disclosed in the Form of Offer. Where the Purchaser discovers a Proponent's failure to disclose all actual or potential Conflicts of Interest, the Purchaser may disqualify the Proponent or terminate any Agreement awarded to that Proponent pursuant to this Proposal process.

(b) General

The Purchaser, in addition to any other remedies it may have in law or in equity, shall have the right to rescind any Agreement awarded to a Proponent in the event that the Purchaser determines that the Proponent made a misrepresentation or submitted any inaccurate or incomplete information in the Form of Offer.

Other than inserting the information requested and signing the Form of Offer, a Proponent may not make any changes to or qualify the Form of Offer in its Proposal. A Proposal that includes conditions, options, variations or contingent statements that are contrary to or inconsistent with the terms set out in the RFP may be disqualified. If a Proposal is not disqualified despite such changes or Proposals, the provisions of the Form of Offer as set out in this RFP will prevail over any such changes or Proposals in or to the Form of Offer provided in the Proposal.

3.2.2 Rate Bid Form – Appendix B (Mandatory Form)

The Rate Bid Form, completed by the Proponent in accordance with the instructions contained below and in Appendix B, provided that the following shall apply:

- All prices shall be provided in Canadian funds and shall include all applicable customs duties, tariffs, overhead, materials, fuel, office support, profit, permits, licenses, labour, carriage, insurance, Workplace Safety Insurance Board costs, and warranties, and further shall not be subject to adjustment for fluctuation in foreign exchange rates.
- All prices shall be quoted exclusive of the harmonized sales tax (HST) or other similar taxes, each of which, if applicable, should be stated separately

- All prices quoted, unless otherwise instructed in this RFP, shall remain firm for the Term of the Agreement as set out in the RFP
- Travel, accommodation, and other costs shall be at the Proponent's expense
- In the event of any discrepancy in the pricing, the lowest unit price submitted shall prevail
- The Proponent is deemed to confirm that it has prepared its Proposal with reference to all of the provisions of the RFP, that it has factored all of the provisions of the Agreement into its pricing assumptions, calculations and into its proposed Pricing.

A Proposal that includes conditional, optional, contingent or variable rates that are not expressly requested in the Rate Bid Form may be disqualified.

3.3 Stage II – Evaluation of Rated Requirements (75 points)

Proposals that are deemed compliant in Stage I Mandatory Requirements will qualify to be evaluated further.

Rated requirements will be evaluated and, where applicable, Proponents must achieve the minimum score, as noted below in Section 3.3.1, in order for a Proponent to move into Stage III.

Proposals failing to meet the minimum score requirement for a rated requirement, where applicable, will be disqualified and not evaluated further.

It is important that Proposals clearly provide all the necessary information so that a thorough assessment of the Proponents' experience, qualifications and capabilities can be made. Responses and substantiating documentation should be direct and grouped together with an index provided to ensure the Evaluation Team is able to locate particular information.

In the case that contradictory information or information that contains conditional or qualifying statements is provided with respect to a requirement, the Purchaser will, in its sole and absolute discretion, determine whether the response complies with the requirements, and may seek clarification from the Proponent. The contradictory or qualifying information may result in the Proponent receiving a low score for that particular rated requirement.

3.3.1 Rated Requirements

The response to each rated requirement should:

- Be submitted in a complete and clear manner.
- Demonstrate the Proponents understanding of the Purchaser's business needs and should provide a detailed answer to the information requested.

A minimum score for rated requirements of 50 points must be achieved for any Proponent to move into Stage III – Pricing.

3.4 Stage III – Pricing (25 points)

Only at the completion of all rated requirements for all Eligible Proposals will the envelope containing Appendix B – Rate Bid Form be opened.

3.5 Stage IV – Cumulative Score

At the conclusion of Stage III, the scores from Stage II and Stage III will be added and, subject to the express and implied rights of the Purchaser, the highest scoring Proponent will become the Preferred Proponent and invited to enter into discussions to finalize the terms of the Agreement.

3.6 Discussions with Preferred Proponent

Subject to the requirements of Section 3.7, the Purchaser expects that the Agreement will be executed substantially in the form in which it appears in this RFP.

The Preferred Proponent will have up to fifteen (15) Days after being notified of the award to sign the Agreement.

After identifying the Preferred Proponent, if any, the Purchaser may attempt to finalize the terms and conditions of the Agreement with the Preferred Proponent, or it may, in its sole discretion, prior to making the award, issue a purchase order to the Preferred Proponent, on terms satisfactory to the Purchaser, as an interim measure.

For certainty, the Purchaser makes no commitment to the Preferred Proponent that the Agreement will be executed. The Preferred Proponent acknowledges that the commencement of any discussions does not obligate the Purchaser to execute the Agreement.
