<b>REQUESTER:</b>	Alain Payer	<b>Phone No.</b>	
<b>ADDRESS:</b>	1560 Laurier Street, Rockland, ON, K4K 1P7	<b>E-Mail:</b>	apayer@clarence-rockland.com
<b>CLOSING DATE:</b>	22-JUNE-2018	<b>Closing Time:</b>	4:30:00 p.m.
<b>ISSUE DATE:</b>	04-JUNE-2018	<b># of pages included with this RFQ</b>	13

## INSTRUCTIONS TO BIDDERS

1. You are invited to submit a Bid for the products listed below and/or in accordance with any specifications attached.
2. Failure to comply with the Quotation terms and conditions shall result in a non-compliance Bid.
3. All bids shall be and remain irrevocable for sixty (60) days unless withdrawn prior to the designated closing time.
4. All prices shall be in Canadian funds, F.O.B. destination. Federal and Provincial sales taxes to be shown separately.
5. Bids must be received **PRIOR** to the closing deadline in person, by fax, courier or E-mail to the attention of the City's Representative listed above. Late bids will be rejected.
6. Bids will be called, received, evaluated, accepted and processed in accordance with the City's Purchasing By-law and related procedures (copy available upon request). By submitting a bid, the Bidder agrees to be bound by the terms and conditions of such by-law and amendments thereto and related procedures, as fully as if it were incorporated herein.
7. The City may cancel the Request for Quotation prior to the award of purchase, without liability for damages of any kind, including consequential damages.
8. The terms, conditions and Information for Bidders attached hereto shall apply to any/all transactions agreed upon as a result of the Request for Quotation call.
9. The work to be completed is to include the supply of all materials, equipment, labour, tools, incidentals, delivery fees or any other associated costs to complete the work as specified in this quotation. Any item not specifically mentioned in the specifications or shown on the drawings but implied or required to complete the work will be considered to be included in the total price.
10. All information that is supplied to the City in this Request for Quotation will become the property of the City and will be subject to the Municipal Freedom of Information and Protection of Privacy Act (Ontario). Please note that only the name of the successful bidder will be made public. Disclosure of any other information contained in this Request for Quotation will be made in accordance with the Act.
11. Bidder certifies that it is in full compliance with the *Accessibility for Ontarians Disabilities Act, 2005, S.O. c. 11, Accessibility Standards for Customer Services O. Reg. 429/07* requirements.
12. Bidder certifies that it is in full compliance with the *Workplace Safety and Insurance Act. W.S.I.B. Account No.* \_\_\_\_\_

No Bid – Reason:

## STANDARD TERMS AND CONDITIONS

### 1. Definitions

**Bid Document** – a tender, quotation or other document that states the City's desire to buy and Bidder's offer to sell to the City the Goods defined in the Specifications

**Bidder** – a person, corporation or other entity that responds to a request for bids

**Goods** – set out in the Bid Document, including Services, where applicable, and defined in the Specifications

**Specifications** – detailed and exact non-restrictive written descriptions, instructions and drawings defining the Goods requested in the Bid Document

**Successful Bidder** – a person, corporation or other entity that is awarded the contract or purchase order resulting from the request for bids

**City** – The Corporation of the City of Clarence-Rockland

**Work** – all labour, materials, products, articles, fixtures, services, supplies and acts required to be done, furnished or performed by the successful Bidder, which are the subject of the contract

### 2. Adverse litigation

The City shall be entitled to reject the submission of the Bidder should the potential bidder have litigation or be pursuing litigation against the City in relation to previous contracts awarded to that Bidder by the City or be a person against whom the City is pursuing litigation.

### 3. Discrepancies and Omissions/Addenda

Should the Bidder find discrepancies in or omissions from the specifications or should he be in doubt as to their meaning, the Bidder shall notify the City's contact person noted in the bid document. If required, the City will issue in writing any changes/additions/deletions to specifications, and/or quotation instructions or Special Provisions/conditions, in the form of an addendum. Replies to questions and modifications in any other manner will not be legally binding. Any and all addendum issued shall form part of the document. The cost of complying with the addendum/addends requirement (if any) shall be included in the price.

### 5. Oral Instructions or Suggestions

The City will assume no responsibility for oral instruction or suggestion. All official correspondence in regard to the specifications should be directed to the City's contact person noted in the bid document.

#### **6. Conflict of Interest**

The City shall not acquire goods and services from municipal councilors, staff of the municipality or from any corporation or partnership in which the individuals hold a controlling interest.

The Bidder certifies that

- (i) the prices in the Bid have been arrived at independently of those of any other Bidder;
- (ii) the prices in the Bid have not been knowingly disclosed by the Bidder, and will not knowingly be disclosed by the Bidder prior to the award of purchase, directly or indirectly, to any other Bidder or competitor; and
- (iii) no attempt has been made, or will be made, to induce any other person to submit or not submit, a Bid for the purpose of restricting competition.

#### **7. Contract**

The submission of a signed bid document to the City shall be deemed to constitute an "Offer". The acceptance by the City of the successful Bidder's Bid, by purchase order or formal contract, shall constitute a binding contract between the successful Bidder and the City. The Bid Document, Standard Terms and Conditions, Additional Terms and Conditions, if applicable, and the successful Bidder's Bid shall all form part of the contract.

#### **8. Failure to perform**

In the event that the successful Bidder fails to comply with any provision of the Bid Document or otherwise fails to perform its obligations hereunder in a competent manner satisfactory to the City, the City may give the successful bidder notice in writing of such failure. In the event that the successful bidder has not remedied its failure, the City shall be entitled to exercise any one or more of the following remedies:

- i) The City may terminate the contract without further notice;
- ii) The City may withhold any payment due to the contractor hereunder until the contractor has remedied its failure;
- iii) The City may engage the services of another contractor to remedy the contractor's failure, and obtain reimbursement therefore from the original contractor. The said reimbursement may be obtained either through deduction from any amounts owing to the contractor hereunder, or through any other legal means available to the City; or
- iv) The City may assert any other remedy available to it in law or equity

Non-performance may result in the removal of the Bidder's eligibility to submit future bids. The failure of either party at any time to require performance by the other party of any provision shall in no way affect his right thereafter to enforce such provision or to seek damages for the breach thereof.

#### **9. Insurance**

The successful Bidder shall carry, at its expense, insurance including comprehensive general liability insurance and product liability insurance, if applicable, as required by the City for the performance of the contract.

#### **10. Laws and Regulations**

The Bidder shall comply with federal, provincial and municipal statutes, regulations and by-laws pertaining to the work and its performance. The Bidder shall be responsible for ensuring similar compliance by its suppliers and subcontractors. Without limiting the generality of the foregoing, the Bidder shall satisfy all statutory requirements imposed by the *Occupational Health and Safety Act* and regulations made thereunder on a Contractor, a Constructor and/or Employer with respect to or arising out of the performance of the Bidder's obligations under the contract. The contract is governed by the laws of the Province of Ontario.

#### **11. Delivery**

Goods delivered by the successful Bidder to the City must be new and of the latest model possessing all the accessories standard to the manufacturer's stock model. The Goods must also be free of defects and fit for the purpose intended by the City.

Goods shall be securely and properly packed for shipment.

W.H.M.I.S. regulations applicable to the Goods must be followed by the successful Bidder. Proper labels must be affixed to the Goods and materials safety data sheets must be provided, prior to the acceptance of the shipment by the City.

Unless otherwise stated, all goods, materials, articles or equipment supplied, and all work or services performed, pursuant to a purchase order/agreement based on this Bid request shall be subject to inspection by the City at the point of unloading or at the site of work or services. There will be no extra charge made by the Bidder for packaging, packing or containers, unless otherwise indicated herein.

#### **12. Acceptance of material**

The material delivered under this request for bids shall remain the property of the seller until a physical (define material and seller or change wording) inspection and actual usage of the material and/or service is made and thereafter accepted to the satisfaction of the City and must comply with the terms herein and be fully in accord with the specifications and of the highest quality.

#### **13. Defective product**

Any product found to be defective, failed, or unsuitable for its intended use shall be unconditionally replaced, repaired or returned for 100% credit. The City will not be liable for any restocking charges or additional transportation charges incurred as a result of such replacement, repair or return. Restocking charges on goods returned otherwise will be agreed upon by both parties.

#### **14. Warranty**

In supplement of, and not by way of substitution for the terms and conditions or any warranty stipulated or implied by law and notwithstanding prior acceptance by the City, each product/service shall be fully warranted against defects in materials and workmanship for a period one (1) year from the date of delivery or successful completion of the contract. Said warranty shall include parts and labour. Warranty may be negotiated for longer period(s).

#### **15. Copyright/Patent**

The successful Bidder shall indemnify and save harmless the City from all claims arising from the sale and delivery of the goods to the City or from any copyright, trade-mark, trade secret or patent used or infringed by the successful Bidder in the manufacture or supply of Goods.

#### **16. Samples and Demonstrations**

Evidence in the form of samples may be requested. Such samples are to be furnished after the date of request for bids opening, only upon request of the City, unless otherwise stated in the document. If samples are requested, samples must be received by the City no later than seven (7) days after formal request is made. When required, the City may request full Request for Quotation – Ditch re-profiling

demonstrations of any unit(s) bid prior to the award of any contract. Samples, when requested, must be furnished free of expense to the City and, if not used in testing, or destroyed, will, upon request within thirty (30) days of award, be returned at the Bidder's expense.

**17. Brand Names**

If and wherever in the specification a brand name, make, name of any manufacturer, trade name or vendor catalogue number is mentioned, it is for the purpose of establishing a grade or quality of material only, unless specified otherwise. Since the City does not wish to rule out other competition and equal brands or makes, the phrase "or approved equal" may be added. However, if a product other than the specified is bid, it is the Bidder's responsibility to name such product within the submitted document and to prove to the City that said product is equal to the specifications and to submit brochures, samples and/or specifications in detail on item(s) bid. The City shall be the judge concerning the merits of bids submitted.

**18. City not Employer**

The successful Bidder agrees that the City is not to be deemed the employer of the Bidder nor its personnel under any circumstances whatsoever.

**19. Subcontracts**

The contract shall not be assigned, subcontracted or amended in whole or in part, without written consent of the City.

**20. Successors and Assigns**

The contract shall apply to and be binding on the parties hereto and their successors, administrators, executors and assigns and each of them.

**21. Indemnification**

The Bidder shall indemnify and save harmless the City, its officers and employees, from and against all claims, losses, costs, damages, expenses (including legal fees and disbursements initially and with any and all appeals), suits, proceedings or actions arising in any way out of or related to the seller's activities in executing the work pursuant to the provision of the contract, including omissions, improper act or delays in executing the work.

**22. Cancellation**

The City has the right to cancel at any time the contract in whole or in part upon notice to the Bidder. If cancellation takes place, delivery shall be accepted of all goods at the price order price delivered prior to the notice of cancellation.

**23. Accessibility for Ontarians With Disabilities Act, 2005**

The Bidder certifies that it is in full compliance with section 6 of Ontario Regulation 429/07, Accessibility Standards for Customer Service, under the *Accessibility for Ontarians with Disabilities Act, 2005*.

	SPECIFICATIONS/SCOPE OF WORK
---	------------------------------

**COMPLETION DATE – Liquidated Damages**

The Contractor shall begin this Contract on July 23<sup>rd</sup> or prior and finish on August 20<sup>th</sup> 2018.

If this limit above specified is not sufficient to permit completion of the work by the Contractor working a normal number of hours each day or week on a single day-light shift basis, it is expected that additional and/or augmented day-light shifts will be required throughout the life of the Contract to the extent deemed necessary by the Contractor to ensure that the work will be completed within the time limit specified.

It is agreed by the parties to the Contract that in case all the work called for under the Contract is not finished or completed within the date of completion specified previously, damage will be sustained by the City, and that it is and will be impracticable and extremely difficult to ascertain and determine the actual damage which the City will sustain in the event of and by reason of such delay and the parties hereto agree that the Contractor will pay to the City the sum of **TWO HUNDRED (\$200.00) DOLLARS** per day for liquidated damages for each and every calendar days delay in finishing the work beyond the date of completion prescribed and it is agreed that this amount is an estimate of actual damage to the City which will accrue during the period in excess of the prescribed date of completion.

The City may deduct any amount under this paragraph from any monies that may be due or payable to the Contractor on any account whatsoever. The Liquidated Damages payable under this paragraph are in addition to and without prejudice to any other remedy, action or other alternative that may be available to the City.

**MANDATORY SITE MEETING**

The mandatory site meeting will begin in the parking lot of RiverRock Inn located on Chamberland Street in Rockland. It will be on Tuesday, June 12<sup>th</sup>, 2018 at 9:30am. A site visit of each location will be on the agenda.

**SPECIFICATION OF WORK**

**SP. 1.1**

This contract encompasses the provision of all labour, removal and disposal of all surplus excavated materials and equipment necessary for the ditch profiling:

**THE CITY OF CLARENCE-ROCKLAND**

The work involves the profiling of the ditches, removing berms, grading of shoulders, all appurtenances and the restoration of road, driveway, and grassed areas. The above description is general only and shall not be construed as limiting the scope of the contract. A detailed description of each site location can be found in Appendix A.

**SP. 1.2**

All interested proponents are required to perform a site visit prior to submitting their quotation. During the site visit it shall be the responsibility of the bidders to determine the depth of cut required for the ditch profiling where required. This estimated depth shall be used to determine your unit prices and the volume of

material to be removed. The winning proponent will still be responsible for performing an accurate site survey prior to commencing construction in order to determine the exact amount of excavation required to provide adequate drainage between culverts.

**SP. 1.3**

After the quotation has closed and a successful proponent has been selected, the Contractor shall schedule a site visit with the City to perform a detailed walkthrough of each site. During this walkthrough, the City will mark the exact limits for each site and provide any additional information which the Contractor may require in order to complete the specified work.

**SP. 1.4**

Any damage to roads, lawns, driveways, etc. shall be repaired or replaced immediately by the Contractor, at the Contractor's expense.

**SP. 1.5**

The Contractor shall protect and maintain all service crossings including but not limited to sanitary sewer laterals, water services, storm sewer leads, existing water/sewer mains etc. All damaged services shall be repaired by the Contractor to original condition or better and to the satisfaction of the Contract Administrator with no cost to the City. Any work which is perceived to involve the Contractor touching any part of the distribution system must be completed under the supervision of the Cities Representative.

**SP. 1.6**

The Contractor shall schedule construction operations in such a manner that a storm drainage outlet will always be available. This is to ensure that the exposed sub-grade or granular base will not be subjected to flooding and ponding problems. The unit price bid under the appropriate items shall allow for this requirement and no extra payment shall be made for the excavation and replacement of soft wet areas caused by inadequate drainage.

**SP. 1.7**

The unit price bid shall make due allowance to include root protection to existing trees. They will then be properly sprayed with approved tree paint. The paint shall be properly dried, prior to any backfilling. Should backfilling not take place immediately, the tree root system shall be covered to protect against root system dying out immediately.

**SP. 1.8**

The Owner does not insure the accuracy, correctness or completeness of the plans with respect to existing underground or aboveground services, or other objects, such as utilities, water mains, forcemains, pipes, manholes, catch basins, chambers, communications, and process piping.

The Contractor shall not make any claim against the Owner for damages or extra work caused or occasioned by his relying upon such services, reports or information either as a whole or in part. Prior to construction the Contractor shall obtain the services of a private locator to verify locations of the utilities and underground services on private property as well as keeping current locates at all times throughout the duration of construction. The Owner shall not be liable for any loss, damage, delay or claim whatsoever resulting or arising from incorrect locates.

The Contractor shall take all necessary precautions during construction, to prevent damage to any utility services (hydro, gas, bell, fiber optic etc.) The Contractor shall adhere to the safety requirements of the local authorities while working in the vicinity of the utility services. All costs associated with any repairs from undue damage, or supporting poles, cables, bracing etc. shall be the responsibility of the Contractor.

**SP. 1.9**

The Contractor shall be responsible for the removal and disposal of all surplus excavated material. Payment for the material shall be included in the Unit Price.

**SP. 1.10**

All construction activities must comply with the Ministry of Labour and the Occupational Health & Safety Act.

**SP. 1.11**

Any work that is conducted on a Saturday will not be considered as a Contract working day. Work on Saturdays will be subject to approval by the City's representative.

**SP. 1.12**

After the work of any section of the Contract has been completed, all debris, excess materials etc., shall be removed by the Contractor from the site and disposed of to the satisfaction of the Contract Administrator. The site shall be left in a safe, neat and workmanlike condition as applicable to any present regulations. The Contractor shall include in his rates for cleaning the site.

**SP. 1.13**

The Contractor shall also be responsible for all costs incurred for the supply, installation, maintenance and removal of all de-watering equipment, and any other materials or equipment which may be required to cope with the ground conditions in order to complete the work. It will also be the Contractor's responsibility for reinstatement of such areas which were disturbed by their operations to their original condition. All unit prices bid have made allowances for this under their appropriate item.

**SP. 1.14**

The Contractor shall give notice to residents/businesses prior to their driveway entrance being temporarily interrupted by construction. (Temporary being not in excess of 3 working days) At the conclusion of each day's work, all affected driveways must be made passable. The contractor **must** maintain safe pedestrian/vehicular access to all abutting businesses/residences at any time during construction.

**SP. 1.15**

Payment for each item listed in the Form of Quotation shall be made according to the unit rates specified in the Form of Quotation.

**SP. 1.16**

The Contractor shall be responsible for providing on site washroom facilities for all staff, and provide power for all construction work activities (if required).

**SP. 1.17**

If the Work is delayed by labour disputes, strikes or lock-outs including lock-outs decreed or recommended to its members by a recognized union organization, of which the Owner is a member or to which the Owner is otherwise bound, which are beyond the Owner's control, then the contract time shall be extended. In no case shall the extension of Contract Time be more than the time lost as the result of the event causing the delay, unless a longer extension is agreed to by the Owner. The Contractor shall not be entitled to payment for standby time.

**SP. 1.18**

The Contractor is responsible for keeping the roads within the limits of construction graded and free of potholes. The construction site must be checked each night prior to the contractor leaving for the day; any potholes found to be caused by the Contractor must be filled at that time unless directed by the Contract Administrator to do otherwise.

**SP. 1.19**

The Contract Administrator shall inspect all materials and appurtenances prior to the installation. Any items deemed unacceptable are to be tagged or otherwise identified as "unacceptable", and removed from site immediately. Replacement item(s) shall be examined for conformance to specifications by the Contract Administrator.

**SP. 1.20**

All quantities generated in the Form of Quotation are an approximation of the work to be completed. Certain quantities may vary greatly. A preliminary list may be distributed at/or prior to the pre-construction meeting so that work may be expedited as quickly as possible. The City reserves the right to "drop" any ditch project from the Contract should numerous overages arise to maintain the budget, without any penalty brought forth from the contractor. As a courtesy to the contractor the City will give 5 working days' notice prior to dropping a construction project

**SP. 2.1 CONSTRUCTION LAYOUT**

In addition to the conditions stipulated in the City of Clarence-Rockland Standard Contract Document, the following shall also apply.

Included in the cost of this item, the Contractor is responsible to confirm all grades and alignment, re-staking of layout due to destruction or removals and any additional layout within the intent of the contract.

**SP. 2.2 PROVISIONS FOR TRAFFIC CONTROL AND IN ACCORDANCE WITH THE ONTARIO TRAFFIC MANUAL BOOK 7**

The Contractor shall be responsible for the preparation and implementation of a traffic management and control plan as specified in the Ontario Traffic Control Manual Book 7 for roadway work operations, as per the Ontario Ministry of Transportation.

The Contractor shall supply all labour, sign, delineators, etc., set and maintain required detours at work sites, conforming to the latest edition of the manual of Uniform Traffic Control Devices.

The Contractor shall provide vehicular access at all times to all properties with existing access. Where blocking of access is unavoidable, the Contractor shall notify the residents affected, give 24 hours' notice and shall work to keep the period of inconvenience to a minimum.

Survey units shall be equipped with sufficient safety lights (flashing or strobe, and/or arrow boards) barricades and signs which may be required for complete control of both pedestrian and vehicular traffic in accordance with the MTO Manual for highway operation, Ontario Manual of Uniform Traffic.

The Contractor shall provide for safe pedestrian movement from all houses and Businesses along the site. Walkways shall not be obstructed at any time.

No work shall be performed on major arterial roads during Rush Hour Traffic (7 – 9 a.m. and 3 – 6 p.m.) without the written consent from the City's Project Lead

The Contractor's traffic control plans must meet all the requirements of the Ontario Ministry of Labour and the Occupational Health and Safety Act.

The Contractor must keep all completed traffic control plans on the truck and copies of the major traffic control plans must be submitted to the City with the biweekly deliverables.

The Project Lead, as an agent of the City of Clarence-Rockland, reserves the right to suspend any on-going works that do not meet the requirements outlined in the Contract.

**SP. 2.3 INSTALL, MAINTAIN, AND REMOVE EROSION & SILT CONTROL DEVICES**

In addition to the conditions stipulated in the City of Clarence-Rockland Standard Contract Document, the following shall also apply. The contractor is responsible to install, inspect/maintain and remove all erosion & silt control devices. The Contractor must inspect and maintain the control devices every week and after a storm event. Erosion and silt control devices shall be installed as per OPSD 2019.100 and 219.110.

**SP. 2.4 CLEARING AND GRUBBING**

In addition to the conditions stipulated in the City of Clarence-Rockland Standard Contract Document, the following shall also apply.

Clear, remove and dispose of all vegetation and debris within designated areas of the project, except objects that are designated to remain.

#### SP. 2.5 DITCH RE-PROFILING

In addition to the conditions stipulated in the City of Clarence-Rockland Standard Contract Document, the following shall also apply.

All earth ditch removal up to a depth of +/- 300 mm shall be termed "ditch re-profiling". It shall be the responsibility of the Contractor to survey the ditches and culvert inverts prior to construction in order to determine the exact depth of removal required in order to achieve adequate drainage and a gradual slope from culvert to culvert. The Contractor shall clean existing ditches in accordance with OPSS 206. This includes clearing of all vegetation including brush, downed timber, snags and rubbish, etc. in the specified location and disposal of the material as specified elsewhere in the contract. **This item shall also include all work required to clean out culverts and culvert inlet/outlet to ensure adequate drainage.**

Payment shall be full compensation for all equipment, labour and materials required to do the work. Payment shall be made by the linear meter for each area as specified, or as directed by the Contract Administrator.

— Area to excavate

#### SP. 2.6 REMOVAL & DISPOSAL OF EXCAVATED MATERIAL

In addition to the conditions stipulated in the City of Clarence-Rockland Standard Contract Document and in accordance with OPSS 180, the following shall also apply.

The Contractor shall be responsible for the removal and disposal of all surplus excavated material. Payment for the material shall be included in the Unit Price.

Payment shall be full compensation for all equipment, labour and materials required to do the work. Payment for this item shall be covered under the corresponding unit cost of ditch profiling that is being completed for each section of the contract. The Contractor may not make any additional claims for any additional work as a result of this item. Should the Contractor require the assistance of local resources, the City may provide the contact information of a local vendor who may be able to provide assistance.

#### SP. 2.7 CONSTRUCTION OF A BERM USING EXCAVATED MATERIAL

In addition to the conditions stipulated in the City of Clarence-Rockland Standard Contract Document, the following shall also apply

Using the excavated material approved by the Contract Administrator, the Contractor shall place the material to form a berm/windrow along the edge of the forest to reduce future run-off which develops during the spring snow melt.

Payment shall be full compensation for all equipment, labour and materials required to perform the work. Payment for this item shall be included in the Unit Price.

## PRICING SCHEDULE

The Bidder hereby bids and offers to enter into the Contract referred to and to supply and do all or any part of the Work which is set out or called for in this Bid, at the unit prices, and/or lump sums, hereinafter stated. **The Total Bid amount shall include all costs incurred, excluding taxes.**

The Bidder also understands and accepts that the quantities shown in the Bid Documents are approximate estimates only and are subject to increase, decrease or deletion entirely if found not to be required.
