QUESTION REQUESTING CLARIFICATION

The following questions were received:

1	Question:	SP 310 does not clarify the question of weather a shuttle buggy is required on this contract based on fact that SP 310 indicates that the CA may waive the requirement for a material transfer vehicle and the decision to use one is based on the engineers decision.
	Reply:	Refer to SP 310. We indicate that if the AC content exceeds 4.5 and 4.7% for base and wear course respectively, then Transfer Vehicles are not required.
