PART 2 - THE DELIVERABLES

2.1 Description of Deliverables

1. Introduction

The Official Plan of the United Counties of Prescott and Russell was Council Adopted June 22, 1999 and MMAH Approved on December 7, 1999. Council Adopted a 5 year review on August 16, 2015 and MMAH Approved the amendment on March 1, 2016. The Updated Official Plan sets out the long term vision to 2035. Through this Official Plan Review, an area was identified for the expansion of Rockland's Urban Area which will accommodate additional new urban development to meet Rockland's projected growth over the Planning period. The expansion lands are located south of Rockland on the west and east side of Caron as illustrated on Figure 1. The area includes approximately 1335.57 hectares and is under multiple ownership.

The requirement to prepare a Secondary Plan for this area is primordial. The Secondary Plan will be adopted by Council in the form of an amendment to the Urban Area of the City of Clarence-Rockland's Official Plan. The Secondary Plan process will be integrated with the Class Environmental Assessment (EA) process. EA approval is required for municipal infrastructure such as water, sanitary and storm sewers and roads. The integrated process allows approvals, reviews and public consultations to be coordinated. Requirements of both the Environmental Assessment Act and the Planning Act will therefore be satisfied.

The planning and coordination of the infrastructure and environmental management requirements for the Secondary Plan in consultation with the community will ensure an integrated approach.

PART 3 - EVALUATION OF PROPOSALS

3.1 Stages of Proposal Evaluation

The Purchaser will conduct the evaluation of Proposals in the following five (5) stages:

Stage Number	Title of Evaluation Stage
Stage I	Mandatory Requirements
Stage II	Rated Requirements
Stage III	Pricing
Stage IV	Cumulative Score
Stage V	Tie Break

3.1.1 Stage I – Review of Mandatory Requirements

Stage I will consist of a review to determine which Proposals comply with all of the mandatory requirements.

Proposals which do not comply with all mandatory requirements, may subject to the express and implied rights of the Purchaser, be disqualified and not be evaluated further.

3.1.2 Stage II – Rated Requirements (Appendix “E”)

Stage II will consist of a scoring, by the Purchaser, of each qualified Proposal on the basis of rated requirements.

Rated requirements will be evaluated and Proponents must achieve the minimum score, as noted in order for the Proponent to move into Stage III of the evaluation. Proposals failing to meet the minimum score requirement for a rated requirement will be disqualified and not evaluated further.

Refer to Section 3.1.4 below as it related to reference checks.

3.1.3 Stage III – Pricing

Stage III will consist of an evaluation and scoring of pricing submitted by Proponents as set out in Appendix C. All provisional pricing shall include, without limitation, all professional fees, consulting fees, materials, staff time, sub-consulting fees and other Service fees, all Disbursements, costs, expenses, Taxes other than HST, allowances and charges whatsoever, all items and incidentals to be provided pursuant to the RFP and anything properly included as a best practice

3.1.4 Stage IV – Cumulative Score

At the conclusion of Stage III, all scores will be added and, subject to satisfactory reference checks and the expressed and implied rights of the Purchaser, the highest scoring Proponent will become the Preferred Proponent.

Reference checks will be performed to confirm or clarify information provided within the Proponent's Proposal. The reference checks themselves will not be scored, however the Purchaser may adjust rated requirements scoring related to the information obtained during the reference check.

3.1.5 Stage V - Tie Break

At this stage, where two (2) or more Proposals achieve a tie score on completion of the evaluation process, the Purchaser shall break the tie by “flip of a coin”. This action shall be taken in the presence of both Bidders.

3.2 Stage I – Review of Mandatory Requirements (Pass/Fail)

A Proposal must include the following two (2) mandatory forms:

Appendix	Title of Appendix
Appendix B	Form of Offer
Appendix C	Rate Bid Form

Other than inserting the information requested on the mandatory submission forms set out in this RFP, a Proponent may not make any changes to any of the forms. Any Proposal containing any such changes, whether on the face of the form or elsewhere in its Proposal, may be disqualified.

3.2.1 Form of Offer - Appendix B (Mandatory Form)

Each Proposal must include a Form of Offer (Appendix B) completed and signed by the Proponent.

(a) Conflict of Interest

In addition to the other information and representations made by each Proponent in the Form of Offer, each Proponent must declare whether it has an actual or potential Conflict of Interest. If, at the sole and absolute discretion of the Purchaser, the Proponent is found to be in a Conflict of Interest, the Purchaser may, in addition to any other remedies available at law or in equity, disqualify the Proposal submitted by the Proponent.

The Proponent, by submitting the Proposal, warrants that to its best knowledge and belief no actual or potential Conflict of Interest exists with respect to the submission of the Proposal or performance of the contemplated Agreement other than those disclosed in the Form of Offer. Where the Purchaser discovers a Proponent's failure to disclose all actual or potential Conflicts of Interest, the Purchaser may disqualify the Proponent or terminate any Agreement awarded to that Proponent pursuant to this Proposal process.

(b) General

The Purchaser, in addition to any other remedies it may have in law or in equity, shall have the right to rescind any Agreement awarded to a Proponent in the event that the Purchaser determines that the Proponent made a misrepresentation or submitted any inaccurate or incomplete information in the Form of Offer.

Other than inserting the information requested and signing the Form of Offer, a Proponent may not make any changes to or qualify the Form of Offer in its Proposal. A Proposal that includes conditions, options, variations or contingent statements that are contrary to or inconsistent with the terms set out in the RFP may be disqualified. If a Proposal is not disqualified despite such changes or Proposals, the provisions of the Form of Offer as set out in this RFP will prevail over any such changes or Proposals in or to the Form of Offer provided in the Proposal.

3.2.2 Rate Bid Form – Appendix C (Mandatory Form)

The Rate Bid Form, completed by the Proponent in accordance with the instructions contained below and in Appendix C, provided that the following shall apply:

- All prices shall be provided in Canadian funds and shall include all applicable customs duties, tariffs, overhead, materials, fuel, office support, profit, permits, licenses, labour, carriage, insurance, Workplace Safety Insurance Board costs, and warranties, and further shall not be subject to adjustment for fluctuation in foreign exchange rates.
- All prices shall be quoted exclusive of the harmonized sales tax (HST) or other similar taxes, each of which, if applicable, should be stated separately
- All prices quoted, unless otherwise instructed in this RFP, shall remain firm for the Term of the Agreement as set out in the RFP
- Travel, accommodation, and other costs shall be at the Proponent's expense.
- In the event of any discrepancy in the pricing, the lowest unit price submitted shall prevail
- The Proponent is deemed to confirm that it has prepared its Proposal with reference to all of the provisions of the RFP, that it has factored all of the provisions of the Agreement into its pricing assumptions, calculations and into its proposed Pricing.

A Proposal that includes conditional, optional, contingent or variable rates that are not expressly requested in the Rate Bid Form may be disqualified.

3.3 Stage II – Evaluation of Rated Requirements (75)

Proposals that are deemed compliant in Stage I Mandatory Requirements will qualify to be evaluated further.

Rated requirements will be evaluated and, where applicable, Proponents must achieve the minimum score, as noted in order for a Proponent to move into Stage III.

Proposals failing to meet the minimum score requirement for a rated requirement, where applicable, will be disqualified and not evaluated further.

It is important that Proposals clearly provide all the necessary information so that a thorough assessment of the Proponents' experience, qualifications and capabilities can be made. Responses and substantiating documentation should be direct and grouped together with an index provided to ensure the Evaluation Team is able to locate particular information.

In the case that contradictory information or information that contains conditional or qualifying statements is provided with respect to a requirement, the Purchaser will, in its sole and absolute discretion, determine whether the response complies with the requirements, and may seek clarification from the Proponent. The contradictory or qualifying information may result in the Proponent receiving a low score for that particular rated requirement.

Rated Requirements- Refer to Annex "E"

The response to each rated requirement should:

- Be submitted in a complete and clear manner.

- Demonstrate the Proponents understanding of the Purchaser's business needs and should provide a detailed answer to the information requested.
- Be provided in the same sequential order as set out.

A minimum score (50) for rated requirements, as noted must be achieved for any Proponent to move into Stage III – Pricing.

3.4 Step 2 – Evaluation of Cost Proposals

All Proposals succeeding through step 1 and receiving an evaluation score, as adjusted after the interview (if at all), at or greater than the Benchmark, will have their Form of Proposal – Costing – Step 2 envelope opened and evaluated during step 2.

Provisional Pricing will be evaluated by using the following calculation.
The Purchaser will not accept pricing assumptions.

The below illustrates how points will be calculated - using a relative formula (i.e. by dividing that Proponent's price into the lowest bid price) for proposed pricing on the Rate Bid Form:

EXAMPLE –PRICING EVALUATION		
Proposed Prices	Calculation	Resulting Points
If Proponent 1 proposes on Appendix B the lowest bid price, that Proponent will receive 100% of the possible points.	$\$12.00 \div \$12.00 \times [25]$	[25]
If Proponent 3 bids \$15, it will receive 80% of the possible points.	$\$12.00 \div \$15.00 \times [25]$	[20]
If Proponent 2 bids \$24.00, it will receive 50% of the possible points.	$\$12.00 \div \$24.00 \times [25]$	[12.5]

The above evaluation will occur for all pricing components for each Eligible Proponent.

3.5 Potential Negotiations

Notwithstanding any other provision contained in this RFP or a Proponent's Proposal, the City reserves the right to negotiate with the recommended Proponent in the following circumstances:

- 4.4.1. Where the lowest cost per point and compliant Proposal exceeds the City's budgeted or estimated costs, the City in its sole and absolute discretion may, but is not obligated to
- 4.4.2. cancel the RFP;
- 4.4.3. re-issue the RFP and accept new proposals based on revised specifications, terms and/or conditions;

- 4.4.4. provide all Proponents, who submitted compliant Proposals to the RFP by the Closing Time, the opportunity to re-submit Proposals;

3.6 Discussions with Preferred Proponent

Subject to the requirements, the Purchaser expects that the Agreement will be executed substantially in the form in which it appears in this RFP.

The Preferred Proponent will have up to ten (10) Days after being notified of the award to sign the Agreement.

After identifying the Preferred Proponent, if any, the Purchaser may attempt to finalize the terms and conditions of the Agreement with the Preferred Proponent, or it may, in its sole discretion, prior to making the award, issue a purchase order to the Preferred Proponent, on terms satisfactory to the Purchaser, as an interim measure.

The Purchaser shall at all times be entitled to exercise its rights under Section 4.6.

For certainty, the Purchaser makes no commitment to the Preferred Proponent that the Agreement will be executed. The Preferred Proponent acknowledges that the commencement of any discussions does not obligate the Purchaser to execute the Agreement.
